### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:
2. The response filed on October 11, 2006 has been entered.
3. The double patenting rejection with US Application 10/424,120 is withdrawn since the application has been abandoned.
4. The terminal disclaimer filed on October 11, 2006 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US Patent Nos. 6,720,539, 6,497,951, 6,855,421, and 6,680,117 and US Applications 10/424,120, and 10/423,575 has been reviewed and is accepted. The terminal disclaimer has been recorded.
5. The prior art fails to teach or fairly suggest a textile made from at least one nonconductive yarn and at least one PTC yarn, wherein the PTC yarn comprises a sheath/core structure, wherein the sheath comprises electrical conductors within a thermally expansive matrix and the core comprises a multifilament, staple fiber, or natural fiber yarn that is coated with the sheath material, and the yarn has an increase in resistance with an increase in temperature. While PTC materials per se are known, the prior art fails to teach or suggest coating those materials onto a multifilament, staple fiber, or natural fiber core.
6. Thus, claims 1 – 12 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
